Ms. Cellaneous formed in early 2010. Almost immediately they knew they were "Sistahs from another life brought together by their love of Barbershop Harmony!

They are members of the Scottsdale Chorus (2011 1st Place International Champions) and the Harborlites Chorus (2011 2nd Place International Chorus). They are an accumulation of odds and ends: a diehard baseball fan, a computer guru, a fashionista for the Levi Strauss Company, and a High School Math Teacher. They have a common love for four legged creatures, road trips, puffy "Cheetos", and playing "Words With Friends" on their iPhones.

Ms. Cellaneous currently are the 5th place Quartet in Region 21. Put it all together and you have four ladies who entertain you with their humor and song!
