SUN CITY STOMPERZ

The Sun City Stomperz Jazz Band is made up of seven musicians who have joined together to express their love for the music that emerged at the beginning of the last century. Jazz music appeared at about the same time as the four part harmony style of music known as "Barbershop" and they were frequently together in

entertainment venues. We hope you will enjoy their music today before our show begins. For more information about the Stomperz, visit their website at www.suncitystomperz.com.
